

Calling All Girls 10 – 18 Years of Age ...

Saturday STEM Academy

6 Weeks of FREE science exploration, field trips, mentorship

Horticulture / 'hōrdə kəlCHər/

Horticulture is the art and science of growing plants. This definition is seen in its etymology, which is derived from the Latin words hortus, which means "garden" and cultura which means "to cultivate". There are various divisions of horticulture because plants are grown for a variety of purposes.

Saturdays: October 5 – November 9

10:00 AM – 12:00 PM
